MITIGATE RISK

Explore this year's theme of
TERRORISM AND ITS IMPACT ON SECURITY AND PRIVACY
with presentations from
EXPERTS AND INDUSTRY PROFESSIONALS.

>> **Stewart Bell** is a senior reporter at the National Post where he covers the national security beat. He also contributes to Global National, Canada's top-rated newscast. He is the author of two books on terrorism; the national bestseller *Cold Terror* and *The Martyr's Oath*. Mr. Bell was also a finalist for last year's Canadian Association of Journalists award for investigative reporting.

>> **Susheel Gupta** is a special advisor to the Canadian Air Transport Security Authority. Previously, he spent more than seven years as a computer crime advisor and prosecutor, working on many unique cases in Canada including the first "mod chip" case, the first "spam" case and the first "copyright act" case that resulted in a jail sentence.

>> **Ronald E. Plesco Jr.** is an internationally-renowned information security and privacy attorney with 14 years experience in information assurance/privacy, identity management and computer crime law. He is now the CEO of the private sector and federally funded National Cyber Forensic Training Alliance Foundation (NCFTA).
